Email Address: _____

Are you a prior Customer: YES, _____   NO_____   If YES, previous address: _____

Do you OWN or RENT this property: _____   **If RENTING, list landlord:** _____

The applicant agrees that the following shall be conditions precedent to the furnishing of natural gas service by said City and/or New Commonwealth Natural Gas (NCNG). The applicant further agrees to abide by all ordinances and regulations now in effect or as may be amended from time to time.

1. The applicant agrees to make an initial $200 meter deposit as required by the City/NCNG and that said deposit may be applied toward the payment of any final bill. The remainder of the balance will be forwarded to the customer.
2. The City/NCNG shall install and maintain at its own expense the necessary meters and regulators for the furnishing of natural gas. All meters, regulators and equipment furnished by the City/NCNG shall always be considered as the property of said City/NCNG, including all service lines.
3. The applicant is responsible for piping beyond the provided gas meter which is owned and maintained by City/NCNG. The meter must always be readily accessible by NCNG for the purpose of monthly meter readings and in case of a natural gas emergency. This includes accessibility of any locked or blocked fence gates, aggressive animals, and anything obstructing a clear path and view of the meter. We advise that aggressive animals be contained during monthly meter reading dates and during a meter or gas line maintenance or servicing for the protection of our service technicians. Animals should never be chained to gas meters.
4. The City/NCNG shall have the right to enter upon the premises at reasonable times for the purpose of servicing its equipment, reading meters, disconnecting service, removing gas service pipe and meters for any other reason necessary and incidental to the conduct of its business as a gas distributor.
5. This application is subject to inspection of piping and natural gas appliances, and acceptance of the same by said City/NCNG and may reject service if appliances and/or house piping is deemed unacceptable.
